Placenta—Cont'd

villous, human, trophoblastic stem cell of, in vitro identification of (Pattillo et al.), 582 (Current investigation)

Placental abruption (de Valera), 599

Placental blood flow, observations of, by Doppler flowmeter (Johnson, Smith, and Brewer), 1125

carbohydrate metabolism, effect of epinephrine on (Ginsburg and Jeacock), 357

changes after experimental abruptio placentae and fetal vessel ligation of rhesus monkey placenta (Myers and Fujikura), 846

examination, diagnosis of sickling by (Fujikura and Froehlich), 1122

transfer of cephalothin (MacAulay and Charles), 940

Plasma flow, renal, glomerular filtration rate, and filtration fraction, effect of uterine overdistention on (Muresan and Zehan), 230

human growth hormone in puerperium (Board), 1106

levels of free fatty acids, lipoprotein lipase, and postheparin esterase in pregnancy (Fabian et al.), 904

ovarian vein, androgen levels in, and in vitro biosynthesis and androgens by ovarian tissue obtained from females with polycystic ovarian disease (de Nicola et al.), 1071

pO₂, tissue, of human fetal scalp, new instrument for (Walker et al.), 63

Polycystic ovarian disease, androgen levels in ovarian vein plasma and in vitro biosynthesis of androgens by ovarian tissue obtained from females with (de Nicola et al.), 1071

Postabortive functional metrorrhagia (Botella-Llusá et al.), 987

Postheparin esterase, free fatty acids, lipoprotein lipase, and, plasma levels of, in pregnancy (Fabian et al.), 904

Postmenopausal patients, asymptomatic, endometrial cytologic study in (Doran and Thompson), 490

Postpartum amenorrhea, duration of, in successive pregnancies (Salber, Feldman, and Hannigan), 24

family planning program, international (Zatuchni), 1028 (Current developments)

patient, evaluation of nitrofurazone in (Ellison and Sherman), 593 (Comm. in brief)

torsion of spleen causing intestinal obstruction (Bookstaver), 1152 (Comm. in brief)

Posture, effect of, upon sodium excretion in pre-eclampsia (Redd, Mosey, and Langford), 343

Pre-eclampsia, effect of posture upon sodium excretion in (Redd, Mosey, and Langford), 343

Pregnancies, dated, and observable labors in experimental mice, simple method of obtaining (Newton and Newton), 871 (Current investigation)

diabetes insipidus in (Moldavsky and Griffin), 878 (Comm. in brief)

estrogens in, simple rapid assay of (Rourke, Marshall, and Shelley), 331

folic acid deficiency in, failure of multivitamin preparations to prevent (Greenberg and Driscoll), 879 (Comm. in brief)

following Wilms' tumor (Wolff and Leberz), 1150 (Comm. in brief)

hematologic changes in, comparative study of, in Macaca mulatta monkey and human female (Allen and Ahlgren), 894

hypertensive, arteriolar distensibility in (Duncan and Ginsburg), 222

immunologic problem of (Simmons, Price, and Ozerkis), 908

late human, aortocaval decompression by uterus in (Bieniarz et al.), 203

metirapone response in (Beck et al.), 327

nicotine absorption in rats during experimental studies on (Becker, Little, and King), 957

Pregnancies—Cont'd

normal, estriol excretion and vaginal cytology in, during radiation therapy for carcinoma of cervix (Adcock and Cohen), 590 (Comm. in brief)

metabolic studies in (Zuspan and Goodrich), 7

and toxemic, renin-angiotensin system in (Talledo, Chesley, and Zuspan), 218

oxygen, carbon dioxide, and hydrogen ion concentrations in arterial blood during (Blechner et al.), 1

plasma levels of free fatty acids, lipoprotein lipase, and postheparin esterase in (Fabian et al.), 904

primary ovarian (Tan and Yeo), 240

sickle cell anemia and, exchange transfusion in, further experience with (Ricks), 1087

sporotrichosis in (Plauché), 1150 (Comm. in brief)

successive, duration of postpartum amenorrhea in (Salber, Feldman, and Hannigan), 24

termination of, hypertonic solutions for (Alpern, Charles, and Friedman), 250

thrombotic thrombocytopenic purpura in (Piver et al.), 302 (Comm. in brief)

toxemia of, differential sensitivity to angiotensin II and norepinephrine in (Talledo, Chesley, and Zuspan), 218

tuberculin test in (Montgomery et al.), 829

Pregnant schoolgirls, program for (Osofsky, Hagen, and Wood), 1020 (Pertinent comments)

Premature menopause—forme fruste of gonadal dysgenesis? (Molina, Greenblatt, and Byrd), 1148 (Comm. in brief)

Presentation, brow (Meltzer, Sachtleben, and Friedman), 255

Pressure, blood, elevated, oral contraception and (Tyson), 875 (Comm. in brief)

difference, oxygen simplified method of estimating, between maternal and fetal blood in placenta (Blechner), 934

equalization stress incontinence, surgical results in treatment of (Beck, Thomas, and Maughan), 483

Primary ovarian pregnancy (Tan and Yeo), 240

Procaine hydrochloride and para-aminobenzoic acid, passage of, across human placenta (Usubiaga et al.), 918

Production of anemia in fetal lambs, experimental (McFadyen, Boonyaparakob, and Hutchinson), 686

Progesterone and certain catecholamines in control of myometrial function, interrelationship of (Shabanah et al.), 974

estrogen and, effect of, on allograft survival (Simmons, Price, and Ozerkis), 908

estrogen, and pituitary trophic hormones in control of myometrial function, interrelationship of (Shabanah et al.), 981

Prognosis for pregnant women with rheumatic cardiac disease (Chesley), 732 (Current developments)

and treatment, changing, in cancer of ovary (Munnell), 790

Program, family planning, postpartum, international (Zatuchni), 1028 (Current developments)

for pregnant schoolgirls (Osofsky, Hagen, and Wood), 1020 (Pertinent comments)

Programmed instruction in gynecologic cancer at medical student level (Wilds and Zachert), 128 (Pertinent comments)

Prolapse, cord (Daly and Gibbs), 264

Proliferation, trophoblastic, normal, and autoradiographic analysis of (Gerbie, Hathaway, and Brewer), 640

Prophylactic chemotherapy with Amethopterin for prevention of choriocarcinoma following removal of hydatidiform mole (Koga and Maeda), 270

Protein bound iodine, Schiller test and (Braverman et al.), 306 (Comm. in brief)

Pudendal nerve blocks, paracervical and, in major vaginal surgery (Nora et al.), 304 (Comm. in brief)

Puerperium, early, glucose tolerance tests in (Benjamin), 1102

Puerperium—Cont'd

- plasma human growth hormone in (Board), 1106
- red cell survival in (de Leeuw et al.), 832
- Purpura, thrombotic thrombocytopenic, in pregnancy (Piver et al.), 302 (Comm. in brief)

Q

- Quantitative studies in fetal electrocardiography. II. Distribution of basic data, twin and sex differences (Larks, Webster, and Larks), 1135

R

- Radiation to fetus in intrauterine transfusion (Peddle and Campbell), 366
 - Radioactive gold, diagnosis by scanning with, of hepatic metastases from genital cancer (Howell, Diddle, and Jones), 1008
 - Radioimmunoassay for follicle-stimulating hormone (FSH) with ¹²⁵I-labeled FSH (Aono and Taymor), 110 (Current investigation)
 - for human chorionic gonadotropin (Tomoda and Hreshchysyn), 118 (Current investigation)
 - Radiosensitivity and virulence factors in cervical cancer (Gusberg and Herman), 627
 - Red cell loss at delivery, correlation of, with changes in red cell mass (de Leeuw et al.), 1092
 - mass, changes in, correlation of red cell loss at delivery with (de Leeuw et al.), 1092
 - survival in puerperium (de Leeuw et al.), 832
 - Relaxant effect of adrenergic compounds on isolated gravid human myometrium (Landesman and Wilson), 969
 - Renal plasma flow, glomerular filtration rate, and filtration fraction, effect of uterine overdistention on (Muresan and Zehan), 230
 - Renin-angiotensin system in normal and toxemic pregnancies. III. Differential sensitivity to angiotensin II and norepinephrine in toxemia of pregnancy (Talledo, Chesley, and Zuspan), 218
 - Reproduction, physiology of, endocrinology and, postdoctoral training and research in field of, 460 (Items)
 - Reproductive cycle, effects of uremia and chronic hemodialysis on (Goodwin et al.), 528
 - organs in rats, fertility and, influence of thalidomide on (Samojlik and Lesinski), 536
 - wastage, defective development and, in United States (Stickle), 442 (Pertinent comments)

 - of marginal sinus (Niswander et al.), 862
 - tuboovarian abscess (Mickal, Sellmann, and Beebe), 432
- S
- Saline, intra-amniotic injection of, amniotic fluid osmolality following (Goodlin and Krech), 839
 - Sarcoma, endometrioid, stromal endometriosis (Farrow, Coventry, and Dockerty), 301 (Comm. in brief)
 - Scalp, human fetal, tissue pO₂ of, new instrument for measurement of (Walker et al.), 63

- Scanning with radioactive gold, diagnosis by (Howell, Diddle, and Jones), 1008
- Schiller test and serum protein bound iodine (Braverman et al.), 306 (Comm. in brief)
- Schoolgirls, pregnant, program for (Osofsky, Hagen, and Wood), 1020 (Pertinent comments)
- Section, cesarean, emergency (Choate and Lund), 703
- Sensitivity, differential, to angiotensin II and norepinephrine in toxemia of pregnancy (Talledo, Chesley, and Zuspan), 218
- Serum protein bound iodine, Schiller test and (Braverman et al.), 306 (Comm. in brief)
- Sex conversion operation for males with transsexualism (Jones, Schirmer, and Hoopes), 101
- Sickle cell anemia and pregnancy, exchange transfusion in, further experience with (Ricks), 1087
- Sickling, diagnosis of, by placental examination (Fujikura and Froehlich), 1122
- Signals, acoustic, intrauterine, human fetal electroencephalographic response to (Barden, Peltzman, and Graham), 1128
- Sinus, marginal, rupture of (Niswander et al.), 862
- Smears, fresh, and cultures in diagnosis of *Trichomonas vaginalis*, efficiency of microscopic examination of (de Carneri, Emanueli, and Signorelli), 299 (Comm. in brief)
 - vaginal, human fibrinolytically active cells in (Tymanidis, King, and Astrup), 185
- Society of Obstetricians and Gynecologists of Canada, transactions of twenty-third annual meeting, 461-520
- Sodium excretion, effect of posture upon, in pre-eclampsia (Redd, Mosey, and Langford), 343
- Sodium-4-hydroxybutyrate (Gamma-OH), effect of, on fetal and newborn guinea pigs (Cosmi et al.), 72
- Solutions, hypertonic, for termination of pregnancy (Alpern, Charles, and Friedman), 250
- Spinal cord transection, high, menstruation after (Durkan), 521
- Spleen, postpartum torsion of, causing intestinal obstruction (Bookstaver), 1152 (Comm. in brief)
- Spontaneously aborted fetus, developmental anomalies in, study of (Poland), 501
 - and stillbirths, repeated, chromosome studies in (Pergament, Kadotani, and Sato), 912
- Sporotrichosis in pregnancy (Plauché), 1150 (Comm. in brief)
- Stein-Leventhal syndrome, hereditary factors in (Cooper et al.), 371
- Stem cell, trophoblastic, of human villous placenta, in vitro identification of (Pattillo et al.), 582 (Current investigation)
- Sterility, early glucose metabolic disorders and (Navarrete N., Torres H., and Lee B.), 997
- Sterilization by cornual cautery (Pasricha), 877 (Comm. in brief)
- Steroid content of adrenal tissue and venous blood in virilizing adrenal tumors, urinary steroid excretion before and after dexamethasone administration and (Mahesh, Greenblatt, and Coniff), 1043
 - excretion, urinary, before and after dexamethasone administration and steroid content of adrenal tissue and venous blood in virilizing adrenal tumors (Mahesh, Greenblatt, and Coniff), 1043
- Stillbirths, spontaneous abortions and, repeated, chromosome studies in (Pergament, Kadotani, and Sato), 912
- Stress, incontinence, Cooper's ligament urethrovaginal suspension for (Burch), 764
 - pressure equalization, surgical results in treatment of (Beck, Thomas, and Maughan), 483
- Stromal endometriosis, endometrioid sarcoma (Farrow, Coventry, and Dockerty), 301 (Comm. in brief)
- Subarachnoid block anesthesia, cesarean section under (Ueland, Gills, and Hansen), 42
- Surgical results in treatment of pressure equalization stress incontinence (Beck, Thomas, and Maughan), 483

- Survival, red cell, in puerperium (de Leeuw et al.), 832
 Syndrome, Stein-Leventhal, hereditary factors in (Cooper et al.), 371
 Systems, drug metabolizing, of homogenates of human immature placentas (Juchau, Niswander, and Yaffe), 348
 fibrinolytic enzyme, changes in, following intravascular coagulation induced and thrombin and endotoxin (Phillips, Margaretten, and McKay), 319

T

- Teratoma, ovarian, malignant, chromosomes of (Arias-Bernal and Jones), 785
 Termination of pregnancy, hypertonic solutions for (Alpern, Charles, and Friedman), 250
 Test, Schiller, and serum protein bound iodine (Braverman et al.), 306 (Comm. in brief)
 tuberculin, in pregnancy (Montgomery et al.), 829
 Testosterone, metabolism of, by virilizing Krukenberg tumor of ovary (Ances and Ganis), 1062
 Thalidomide, effect of, on antibody response (Gusdon and Cohen), 952
 influence of, on fertility and reproductive organs in rats (Samojlik and Lesinski), 536
 Theca cell tumor (Toker), 779
 Therapy, Pergonal, of anovulatory infertility (Kase, Mroueh, and Buxton), 176
 Thickening of fetal arteries on placenta, unilateral, resembling arteriosclerosis (Fujikura and Carleton), 843
 Thrombin and endotoxin, intravascular coagulation induced by, changes in fibrinolytic enzyme system following (Phillips, Margaretten, and McKay), 319
 Thrombocytopenic purpura, thrombotic, during pregnancy (Piver et al.), 302 (Comm. in brief)
 Thrombotic thrombocytopenic purpura during pregnancy (Piver et al.), 302 (Comm. in brief)
 Tissue, adrenal, and venous blood, in virilizing adrenal tumors, urinary steroid excretion before and after dexamethasone administration and steroid content of (Mahesh, Greenblatt, and Coniff), 1043
 growth, mouse trophoblastic, role of host factors in (Koren, Abrams, and Behrman), 570
 ovarian, obtained from females with polycystic ovarian disease, in vitro biosynthesis of androgens by, androgen levels in ovarian vein plasma and (de Nicola et al.), 1071
 O₂ of human fetal scalp, new instrument for measurement of (Walker et al.), 63
 Titer, antibody, increase in, following amniocentesis (Peddle), 567
 Tolerance tests, glucose, in early puerperium (Benjamin), 1102
 Torsion of spleen causing intestinal obstruction, postpartum (Bookstaver), 1152 (Comm. in brief)
 Toxemia, convulsive (Harbert et al.), 336
 of pregnancy, differential sensitivity to angiotensin II and norepinephrine in (Talledo, Chesley, and Zuspan), 218
 Training, postdoctoral, and research in field of endocrinology and physiology of reproduction, 460 (Items)
 program, clinical cancer, 170 (Items)
 Transactions of seventy-eighth annual meeting of American Association of Obstetricians and Gynecologists, 599-726, 745-774
 of twenty-third annual meeting of Society of Obstetricians and Gynaecologists of Canada, 461-520
 Transection, spinal cord, high, menstruation after (Durkan), 521
 Transfer, placental, of cephalothin (MacAulay and Charles), 940
 Transfusion, exchange, in sickle cell anemia and pregnancy, further experience with (Ricks), 1087

Transfusion—Cont'd

- intrauterine, radiation to fetus in (Peddle and Campbell), 366
 Transsexualism, males with, sex conversion operation for (Jones, Schirmer, and Hoopes), 101
 Treatment, prognosis and, changing, in cancer of ovary (Munnell), 790
 TRIC agents, genital infection with, in Taiwan (Chiang et al.), 422
 Trichomonas vaginalis, diagnosis of, efficiency of microscopic examination of fresh smears and cultures in (de Carneri, Emanueli, and Signorelli), 299 (Comm. in brief)
 Trophic hormones, pituitary, estrogen, progesterone, and, in control of myometrial function, interrelationship of (Shabanah et al.), 981
 Trophoblast, mouse, pure, organ culture of (Koren and Behrman), 576
 Trophoblastic proliferation, normal, autoradiographic analysis of (Gerbie, Hathaway, and Brewer), 640
 stem cell of human villous placenta, in vitro identification of (Pattillo et al.), 582 (Current investigation)
 tissue growth, mouse, role of host factors in (Koren, Abrams, and Behrman), 570
 Tuberculin test in pregnancy (Montgomery et al.), 829
 Tuboovarian abscess, ruptured (Mickal, Sellmann, and Beebe), 432
 Tumor, granulosa cell, ultrastructure of (Toker), 388
 Krukenberg, enzymic histochemical reactions in two, associated with clinically different endocrine patterns (Woodruff, Goldberg, and Jones), 405
 of ovary, virilizing, metabolism of testosterone by (Ances and Ganis), 1062
 ovarian, enzyme histochemistry of (Willighagen and Thierry), 393
 hilus cell, metastatic, androgen excretion patterns in patient with (Echt and Hadd), 1055
 theca cell (Toker), 779
 virilizing adrenal, urinary steroid excretion before and after dexamethasone administration and steroid content of adrenal tissue and venous blood in (Mahesh, Greenblatt, and Coniff), 1043
 Wilms', pregnancy following (Wolff and Lebherz), 1150 (Comm. in brief)

U

- Ultrastructure of granulosa cell tumor (Toker), 388
 Umbilical circulation, impact of, on fetus (Goodwin), 461
 Uremia and chronic hemodialysis, effects of, on reproductive cycle (Goodwin et al.), 528
 Urethrovaginal suspension, Cooper's ligament, for stress incontinence (Burch), 764
 Urinary estriol, maternal, relationship of amniotic fluid estriol to (Berman et al.), 15
 steroid excretion before and after dexamethasone administration and steroid content of adrenal tissue and venous blood in virilizing adrenal tumors (Mahesh, Greenblatt, and Coniff), 1043
 Uterine blood flow, decreased, effect of, on uterine oxygen consumption in pregnant macaques (Parer et al.), 813
 and oxygen consumption in rhesus monkeys with retained placentas (Parer, de Lannoy, and Behrman), 806
 cervix, mouse, mechanism of induced epidermization in, effect of ovariectomy (Graham), 1147 (Comm. in brief)
 contractility and blood flow, role of autonomic nervous system in (Shabanah et al.), 981
 (Shabanah et al.), 974
 overdistention, effects of, on renal plasma flow, glomerular filtration rate, and filtration fraction (Muresan and Zehan), 230

Uterine—Cont'd

- oxygen consumption, effect of decreased uterine blood flow on, in pregnant macaques (Parer et al.), 813
- peroxidase activity in malignant, hyperplastic, and atrophic endometrium (Townsend et al.), 98
- Uterus, aortocaval compression by, in late human pregnancy (Bieniarz et al.), 203
- sheep, nonpregnant, glucose and insulin levels across, with varying blood flows (Spellacy et al.), 947

V

- Vagina, absence of, congenital (Leduc, Van Campenhout, and Simard), 512
- (Cali and Pratt), 752
- Vaginal cytology, estriol excretion and, in normal pregnancy during radiation therapy for carcinoma of cervix (Adcock and Cohen), 590 (Comm. in brief)
- hysterectomy for treatment of cancer of corpus uteri (Ingiulla and Cosmi), 541
- recurrence of endometrial carcinoma (Brown et al.), 544
- smears, human, fibrinolytically active cells in (Tympanidis, King, and Astrup), 185
- surgery, major, paracervical and pudendal nerve blocks in (Nora et al.), 304 (Comm. in brief)
- Vascular nets, maternal and fetal, in placentas of sheep and goats (Makowski), 283
- Vein plasma, ovarian, androgen levels in, and in vitro biosynthesis of androgens by ovarian tissue obtained from females with polycystic ovarian disease (de Nicola et al.), 1071

- Venous blood in virilizing adrenal tumors, urinary steroid excretion before and after dexamethasone administration and steroid content of adrenal tissue and (Mahesh, Greenblatt, and Coniff), 1043
- Vernix, amnion, chorion and, lipids from, examination of (Pritchard, Armstrong, and Wilt), 289
- Vessel ligation, fetal, in rhesus monkey placenta, experimental abruptio placentae and, placental changes after (Myers and Fujikura), 846
- Villous placenta, human trophoblastic stem cell of, in vitro identification (Pattillo et al.), 582 (Current investigation)
- Virilizing adrenal tumors, urinary steroid excretion before and after dexamethasone administration and steroid content of adrenal tissue and venous blood in (Mahesh, Greenblatt, and Coniff), 1043
- Krukenberg tumor of ovary, metabolism of testosterone by (Ances and Ganis), 1062
- Virulence factors, radiosensitivity and, in cervical cancer (Gusberg and Herman), 627
- Vulva, carcinoma of (Goplerud and Keettel), 550

W

- Wastage, reproductive, defective development and, in United States (Stickle), 442 (Pertinent comments)
- Wilms' tumor, pregnancy following (Wolff and Lebherz), 1150 (Comm. in brief)
- World program, maternity care and family planning as (Taylor and Berebson), 885
